

# DARLA BJORK

“Eight of Clubs” by Darla Bjork, oil crayon on paper, 2014

*Playing with a Full Deck* was an innovative fundraiser for the Greene County Council on the Arts' Visual Arts Program. Original works were exhibited in the GCCA Catskill Gallery along with a limited edition deck of playing cards, designed by a star-studded list of 52 artists with Kiki Smith's custom design for the card backs.

Proceeds from the auction were split 50/50 between the artist and the GCCA. Sales from the limited edition deck of art cards benefit the GCCA entirely. The exhibit benefited the GCCA Visual Arts Program's exhibitions and services for artists including professional development seminars for artists at all levels.
